

Track sessions

Safety is our primary concern

While you are sitting in your car on the dummy grid, and before we can let you onto the track, we must check that all prerequisites have been met.

For you this means:

- . Your helmet is on and fastened**
- . Your clothing is properly arranged (no rolled up sleeves, unbuttoned shirts etc.)**
- . Seatbelt is fastened**
- . Group sticker on your window (this indicates that the vehicle has passed scrutineering)**
- . Your signature verified against the driver briefing attendance sheet.**

What to do next:

- . Follow directions from officials at all times.**
- . Err on the side of caution at all times.**
- . Enjoy your day on the track!**

At the end of the day:

- . Please return your transponder to the clerk of the course (otherwise you may have to pay for it).**
