Both drivers to separately complete their club's on-line registration and both mark "Shared" on their forms. Only 1 driver at a time, no passengers.

4. Event Structurer

This is a Supersprint Event with cars in 4 speed groups that are rated fastest to slowest with up to 15 cars fastest to slowest in each group. At this Supersprint drivers drive to set their best times in their club's competition Class

to win points in their club's championship. Rules are on the Club's Website. This is not a car race. Employ appropriate Supersprint driver etiquette. If a car is closer to you this lap than it was on the previous lap, it is faster than you so let it pass.

All drivers will have fitted to their car an event timing transmitter available from Timing on level 1 of the Amaroo Control Centre and all cars a MyLaps Track Observation System Transponder available from MyLaps on Ground Floor of the Control Centre. Installation of the Timing transmitter is driver dependent one for each driver to Timing's instruction and MyLaps Transponder one for each car to MyLaps instruction. Both Timing transmitter and MyLaps transponder must be returned to timing and MyLaps at the end of the day. There will be penalties for any driver not returning these devices \$500 for timing, \$1500 for MyLaps.

5. Event Program

The following program is approximate and may be varied by the Clerk of the Course as necessary for safety and smooth running of the Event. Any variations to operation of the Event will be announced on the Further Regulations, Event Bulletin, and/or by Public Address announcement in the grid and Pit Areas.

General Notes:

Supersprint session **Running Order** will be announced to allow for shared cars. Cars in each group are arranged in order, fastest to slowest. Places are based on the times provided by drivers on their registration forms or times from previous events or the Organiser's best estimate. Don't complain if you think you are in the wrong place or wrong group. Cars may be moved within speed groups or to a different speed group with Organiser's and the Starting Grid Marshal's agreement. Group numbers will be announced as an aid, but Drivers are responsible for ensuring they present in their allotted position.

All Supersprint sessions are flying start. All times count. All times for these sessions will be published and will be on Natsoft during the day.

No passengers in cars during Supersprint sessions. There may be, after special arrangement with the event organiser, places for junior drivers to take an approved instructor in the slowest session. There will be a Familiarisation Session where a driver can take an experienced driver/instructor as a passenger or can ride as a passenger in an instructor's car. Passenger ride forms for drivers, passengers and instructors must be completed and submitted. Car to have a driver's window net OR Drivers window fully closed.

7:00AM Circuit gates open

Be early, don't waste time. This is a full day with the aim of giving drivers as much track time as possible.

7:30 – 8:15 Sign-on Desk for Drivers and officials is in Amaroo ground floor office. Scrutiny Bay office.

7:30 – 8:15 Vehicle Scrutiny Check:

Targeted scrutiny will be in operation at this Event and will be undertaken under the Motorsport Australia Targeted Scrutiny process. Drivers of vehicles with Log Books must present their Log Book at scrutineering.

Drivers of all non-log booked cars present their vehicle for scrutineering with BMW Scrutineering/Compliance form at the Scrutineering Bay in Amaroo Garage 1 and 2. All vehicles to be complete with car numbers on both sides, battery triangle attached, tow couplings fitted front and back, plus driver's apparel and helmets in ready to start condition. Refer to Scrutineering requirements in Article 6. Scrutineers check your car and if it passes will attach a *PASSED* sticker. If your car fails scrutineering, that is no Passed Sticker, it will not be permitted on the track.

Car number on both sides of your car are those agreed to in your registration and must comply with Motorsport Australia Manual, Schedule K, requirements, contrasting black or white, 230mm high Helvetica or Arial Bold or equivalent.

During the 7:30 to 8:15AM Sign-on and Scrutineering period Drivers are to pick up their timing transmitter from level 1 Amaroo building and MyLaps transponder from the ground floor of the Amaroo building and install them on their car. One transponder installed on each car and one timing transmitter installed on the car when the driver is on the track.

8:15 Flag Marshal Briefing: in the Amaroo building Ground Floor. Volunteer Flag Marshals will be issued with flags, transceivers and MyLaps control panels, then briefed in track rules and observation requirements, practice radio procedure and also have instruction in MyLaps light panel control devices operation. Flag Marshals will then be transported to their Flag Stations and be ready by 8:40AM.

8:15 Drivers Briefing: Driver Briefing will be held in the Pit paddock area north end of the Amaroo Building. Attendance is compulsory. There will be an attendance sign sheet to be signed by all drivers. If you miss this briefing, you will not be permitted on the track until you receive the briefing from the Clerk of the Course. Don't miss it.

8:40 – 8-50 Untimed Track Familiarisation Laps. We start with less than a 4 lap Follow the Leader Familiarisation session that is only for those drivers who are new to this circuit. It is not to warm up your tyres or bed in your brake's session. There will be one Leader for each group of up to 4 cars with each driver taking turns to follow the leader. Places change on the straight between turn 5 and 6 with the first follower moving to the left, towards the center of the track, falling back and joining the group after the last follower. The session will be at a speed so that followers can keep up and learn the track layout and lines for the turns. Keep up, don't dawdle. This session must be completed before 8:50.

In this session, leaders can take a passenger and drivers can take an experienced Supersprint Driver as instructor. Drivers, passengers, and Instructors must be suitably attired including helmet. Passenger ride forms must be completed, signed and submitted to the Sign-on Desk staff at sign-on.

While the Familiarisation session runs, drivers for the first Supersprint will form up in the Dummy Grid ready to start. Group running order will be announced at Driver Briefing so if you are in the first group then be ready.

9:00 Timed Supersprint Sessions. There will be up to 15 cars at a time in speed groups. Each run will be 8 minutes made up of one on track warm up lap with no overtaking in this lap, 6 minutes at your desired Supersprint speed, followed by a cool down part lap from checked flag at start finish line to track exit where you leave the track. Checked flag is to be observed at the Start/Finish line and drivers are to indicate that they have seen the flag with wave or flash hi beams. With 4 speed groups it will take 1 hour to complete the set for 4 groups as long as there are no incidents. We will be using Checked Flag Indicator Lights.

Approximate times: Set 1 - 9:00 to 10:00 Set 2 – 10:00 to 11:00 Set 3 – 11:00 to 12:00

12:00 – 1:00 Lunch with appreciation laps for volunteer Flag Marshals. We will call for Drivers to take volunteers for a few laps. Passenger ride forms for drivers and volunteers must be completed and submitted. If we are running behind time, lunch time may be reduced. The appreciation laps will be run under and in accordance with the Motorsport Australia MSPRA Policy

1:00 Timed Supersprint Sessions. There will be up to 15 cars at a time in the 4 speed groups. We may regroup all speed groups fastest to slowest for the afternoon using times from morning Supersprint Sessions. PA system announcements will be made and new speed groups will be published.

Approximate times: Set 4 - 1:00 to 2:00 Set 5 – 2:00 to 3:00 Set 6 – 3:00 to 4:00

Late in the afternoon as the number of cars are reduce we may combine speed groups. Be aware of announcements.

4:00 All Supersprints may be finished but we can continue if necessary to 4:30PM to complete sets.

4:30 Event concluded.

6. Scrutiny Requirements for Supersprint Vehicles:

In accordance with the Motorsport Australia Manual, vehicles are to be scrutiny checked and lodged by the competitor using BMW Club (BMWDCNSW) Compliancy/Scrutiny form that must be completed, signed and be with the car for collection by the Scrutineering staff at Scrutiny on the day. The Scrutineering teams will be inspecting vehicles that must be presented in a clean and tidy manner, completely ready for the track with car numbers and battery location triangles.

Targeted scrutiny will be in operation at this event for Log Booked cars under the Motorsport Australia Targeted Scrutiny process. Drivers of these vehicles with Log Books must present their Log Book at scrutineering.

- (k) Any tyre or component changes to the vehicle after Scrutiny must be approved by the Chief Scrutineer.
- (l) Any vehicle found to be leaking oil or fluids whilst competing will be suspended from the event until the Chief Scrutineer and or Clerk of the Course is satisfied that action has been taken to rectify the leak. Should there be a re-occurrence of the leak then the vehicle will be excluded from the remainder of the Event.

7. Noise:

General noise requirement: Any vehicle found to exceed the maximum Sydney Motorsport Park noise emission limit of 95db(A) measured at 30 metre will be suspended from the Event until the Chief Scrutineer and Clerk of the Course is satisfied that action has been taken to bring it within the limit. Any vehicle that exceeds the limit on two runs will be excluded from the remainder of the Event.

8. Replacement Vehicles

At the sole discretion of the Clerk of the Course, a Driver whose vehicle has broken down may use a replacement vehicle. The replacement vehicle must have had a scrutiny form submitted and passed scrutiny check. It should preferably be in the same class and type as the original vehicle. Where the original vehicle has recorded a time and the replacement is not in the same class and type as the original vehicle, the replacement vehicle will not be eligible for points towards the clubs Supersprint Championship.

9. Timing Equipment and Accuracy, and Results Issue

- (a) **Timing Equipment:** Timing will be electronic and to an accuracy of .01 seconds. The timing point will be the start/finish line on the main straight. An in-car transmitter must be collected from the timekeepers, fitted to the vehicle, as instructed, prior to the first timed run and returned at the end of the day. Failure to return a timing transmitter can incur a \$500 fee. If computer-based timing fails, manual timing may be used.
- (b) **Results:** A set of results will be available to all Competitors within 5 days of the event, published on the BMW Drivers Club NSW website <https://www.bmwclubnsw.asn.au/motorsport-results> and times will be available during the day on the NATSOFT website www.natsoft.com.au
- (c) **Prizes and Awards:** No prizes or awards are presented at this Event except for the BMW/Porsche Challenge trophy. Performance on the day may receive Club Supersprint Championship Points. Those points go towards trophies awarded at the club's 2023 Annual Dinner early in 2024.

10. MyLaps Track Observation System at Sydney Motorsport Park

Each car is issued with a MyLaps Racelink Transponder that must be installed on the car as described in the fitting instructions. The Transponder can be mounted on the vehicle dashboard using Velcro Tape supplied or cable tied so that lights on the unit can be observed by the driver or can be mounted so that lights are not used. Installation instructions will be issued. The circuit has location interrogators installed and these work with the in car transponders to provide track position information to Race Control.

As part of this system, around the track there are 22 light panels installed. These are controlled by Race Control and can display Green, Yellow, Red, Black, and Checked indications. Be aware of these new features.

Transponders installed on the vehicle dashboard can display Flag Indications of Yellow, Double Yellow, Flashing Red, Flashing Green, Flashing White "Checked". There may be other possible Flag Indications like Blue, Safety Car (SC) and Black with Car No. This will be a very worthwhile and useful system.

The MyLaps Racelinks Transponders must be returned to MyLaps at the end of the day.

- 11. Authority of Officials** Any Driver not following a reasonable instruction by an Official during the Event may be excluded at discretion of the Stewards of the Event.

- 12. Medical/ Ambulance Facilities** Organisers have engaged appropriate medical facilities and services. The Clerk of the Course will be in radio contact with all emergency crews.

- 13. Crash Rescue and Fire Fighting Facilities** Organisers have engaged appropriate crash rescue, firefighting and vehicle recovery services. The Clerk of the Course will be in radio contact with all emergency crews. Competitors shall be responsible for all costs associated with the use of any special crash rescue service, other than the above.
